PREVENTING CAR THEFT

Between 1983 and 1988, the FBI has reported a 42 percent increase in car thefts - evidence of the huge profits being made by thieves. You can discourage car thieves by utilizing the methods recommended by the National Automobile Theft Bureau.

- Remove the key - nearly 20 percent of vehicles stolen still have the key in the ignition;
- Roll up the windows and lock the doors;
- Put all packages and valuables out of sight - car phones, tape decks and other expensive items invite theft;
- Park in well lighted areas - more than half of all vehicle thefts occur at night;
- Park with front wheels turned sharply - professional thieves often tow cars from parking spaces;
- Keep license and registration in your wallet or purse - thieves can use the documents to impersonate you;
- Use anti-theft devices - they're designed to discourage thieves;
- Etch your vehicle identification number into the windows or other strategic locations to discourage thieves;
- Drop a business card down the window channel into a door interior - it will help identify the vehicle.

According to the National Automobile Theft Bureau, the following cars are favorites of thieves: Pontiac Firebird, Chevrolet Camaro, Chevrolet Monte Carlo, Toyota MR2, Buick Regal, Mitsubishi Starion, Ferrari Mondail, Mitsubishi Mirage, Pontiac Fiero, and the Oldsmobile Cutlass Supreme.

LINE ITEM VETO USED ON EDUCATION BUDGET

The following are excerpts from Governor Hunts line item veto of the education budget dated August 8, 1991.

"Article V, §126 of the Constitution of Alabama of 1901 Provides:"

"The governor shall have power to approve or disapprove any item or items of any appropriation bill embracing distinct items, and the part or parts of the bill approved shall be the law, and the item or items disapproved shall be void, unless repassed according to the rules and limitations prescribed for the passage of bills over the executive veto; and he shall in writing state specifically the item or items he disapproves, setting the same out in full in his message, but in such case the enrolled bill shall not be returned with the governor's objection."

"It is my firm belief that House Bill No. 203, as enrolled, contains many salutary provisions for the welfare of the State of Alabama, but also contains certain items which I believe to be detrimental to the best interest of the State of Alabama."

"Therefore, by virtue of the authority vested in me as Governor of the State of Alabama, and pursuant to Article V, §125 and 126, Constitution of Alabama of 1901, I herewith deposit with the Secretary of State House Bill No. 203, as enrolled, approved as to all items except the following which I hereby specifically disapprove, the same being stricken out in red ink in the body said of bill..."
